Unit 15, Botany Commercial Park, Botany Avenue, Mansfield, Nottinghamshire NG18 5NF

Inspection date

1 February 2024

Overall outcome

The school meets all of the independent school standards that were checked during this inspection

Main inspection findings

Part 1. Quality of education provided

Paragraphs 2(1), 2(1)(a), 2(2)(d), 2(2)(d)(i), 2(2)(d)(ii), 2, (2)(h), 2(2)(i), 2A(1), 2A(1)(b), 2A(1)(d), 2A(1)(f) and 5(b)(vi)

- At the previous standard inspection, leaders had not ensured that there was a structured personal, social and health education (PSHE) and relationships and sex education (RSE) curriculum in place for all pupils. Leaders had not ensured that all pupils learned about the protected characteristics.
- The weaknesses in the curriculum meant that pupils did not have the opportunity to learn and make progress. They were not prepared well enough for their next steps.
- Since the previous inspection, leaders have planned a new, more coherent PSHE and RSE curriculum. They have adopted a commercial scheme that covers all of the statutory guidance. Leaders have mapped out the PSHE and RSE coverage for each year group in long-term plans. These plans have been in implementation since September 2023.
- Leaders have planned a curriculum that enables pupils to learn about topics including diversity, relationships and friendships, being safe when online and the protected characteristics.
- Pupils recall learning about positive and negative feelings and relationships, among other aspects of their PSHE and RSE studies.
- Leaders have ensured that the curriculum is coherently structured and has been successfully developed and embedded for all year groups.
- These requirements of the independent school standards (the standards) in these paragraphs are now met.

Paragraphs 2(2)(e) to 2(2)(e)(iii)

- At the previous standard inspection, leaders had not ensured that all pupils received high-quality, impartial careers advice and guidance.

- Leaders have developed a structured approach to careers education. They deliver this careers provision in the PSHE curriculum. Pupils learn about employability skills and the world of work. Leaders recently arranged for pupils to visit a careers fair. Pupils met with people from a range of employment sectors and professions. Pupils now have access to individual careers advice to help them explore various options available to them when they leave school.
- Staff know each pupil extremely well and ensure that the careers guidance for each pupil is aligned with their individual interests and aspirations.
- The requirements of the standards in these paragraphs are now met.

Part 2. Spiritual, moral, social and cultural development of pupils

Paragraphs 5, 5(a), 5(b), 5(b)(ii), 5(b)(iv), 5(b)(v) and 5(b)(vii)

- At the previous standard inspection, inspectors found that leaders were not planning and delivering enough opportunities around pupils' spiritual, moral, social and cultural development. This included learning about different cultures and religions, diversity and equality, fundamental British values and how the country is run.
- Since the previous inspection, the school has introduced a new PSHE curriculum that all pupils now learn. The planned curriculum provides opportunities for pupils to learn and understand different aspects of fundamental British values.
- Pupils now receive regular opportunities to learn about different cultures and faiths. They do so through their subject studies, as well as through daily discussions. Pupils have learned about different faiths and festivals as part of their art curriculum: pupils were able to select a specific religious festival to research and then to create an art piece linked to that festival. Pupils recall learning about Diwali, Hanukkah and the Day of the Dead.
- Leaders have introduced daily opportunities for pupils to watch and discuss age-appropriate news broadcasts in the mornings. This enables pupils to gain more understanding of the world around them.
- The requirements of the standards in this part are now met.

Part 3. Welfare, health and safety of pupils

Paragraphs 7, 7(a) and 7(b), and paragraphs 32(1) and 32(1)(c) in part 6

- The proprietor ensures that the school's safeguarding arrangements are secure. Leaders have maintained a strong culture of safeguarding.
- Safeguarding leaders make sure that staff are trained well. Staff know and understand their responsibilities.
- Leaders work closely with a range of professionals who are external to the school so that pupils receive appropriate and timely support.
- Staff know pupils well. They are alert to any changes that might indicate that pupils need help. Leaders act swiftly to ensure that the necessary support is put in place.

- The school's safeguarding policy is available on the school's website. It reflects the latest statutory guidance.
- The requirements of these standards continue to be met.

Part 8. Quality of leadership in and management of schools

Paragraphs 34(1), 34(1)(a), 34(1)(b) and 34(1)(c)

- At the previous standard inspection, inspectors identified that leaders did not have a sufficiently secure understanding of the standards to ensure that the school consistently met them all. Inspectors judged that some of the requirements of the standards that relate to the quality of education and the provision for pupils' spiritual, moral, social and cultural development were unmet.
- The proprietor has ensured that leaders have acted effectively to improve the provision in relation to pupils' personal development. The previously unmet requirements are now met.
- Inspectors found qualitative weaknesses in the provision related to reading, the curriculum around project-based learning and the provision for pupils with special educational needs and/or disabilities (SEND). Leaders had begun at the previous inspection to prioritise reading. However, this was at the early stages of being developed. Pupils at the early stages of learning to read were not well enough supported to become fluent readers. Leaders did not have high enough expectations around project-based learning opportunities. The curriculum did not identify what pupils should learn and when. The curriculum was not effectively planned to be progressive or sequenced. Inspectors identified that there was insufficient structured support and therapy to meet some pupils' needs. Leaders needed to put in place appropriate systems to identify and cater for the additional needs that pupils may have.
- Leaders now regularly assess how well pupils can read. Pupils identified as being at an early stage of reading receive support to help them become confident readers. When appropriate, suitably trained staff provide support to develop pupils' phonics knowledge. The proprietor is keen to develop this provision further, along with the reading resources available for pupils, to support the development of pupils' love of reading.
- Leaders have developed a progressive and sequenced curriculum for all project-based learning. The schemes of work identify the key knowledge and skills that learners will learn.
- Since the previous inspection, the proprietor has appointed a deputy SEND coordinator (SENDCo) to work alongside the SENDCo.
- Leaders have engaged with the local authority and external providers and made links with another school to enable them to offer appropriate specialist support for their pupils with SEND.
- Leaders have engaged with specialist SEND training to enable specialist needs to be identified and timely support provided.
- The requirements of the standards that were checked in this part are now met.
